NOT YOUR AUNTY'S GYM.

Rockwall Fitness is a **young, loud, no-excuses** gym in Krishnanagar, Bangalore — built for students, lifters and first-timers who'd rather chase a PR than a perfect selfie. The brand is acid-bright, high-contrast and unafraid. It looks like the inside of a good workout: fast, electric, a little chaotic, completely addictive.

BOLD

We shout in lime, never
whisper in grey.

FUN

Gym jokes > gym
intimidation. We don't take
ego, only reps.

REAL

Real members, real sweat,
real Bangalore. No stock-
photo gloss.

BRAND PROMISE

"STRETCH YOUR LIMITS."

ONE MARK. ZERO COMPROMISE.

This is the Rockwall Fitness wordmark exactly as it lives on the gym signage, banners and LED boards. **It does not change.** Don't redraw, re-space, or re-colour it — always place the supplied artwork.

The Rockwall Fitness wordmark is displayed in a large, bold, sans-serif font. The word "ROCK" is in a vibrant yellow-green color, while "WALL" is in white. Below "ROCKWALL" is the word "FITNESS" in a smaller, all-caps, yellow-green font. The entire wordmark is centered within a dark grey rounded rectangle.

ROCKWALL
FITNESS

01 • THE BREAK

The notched "O—C" link nods to a broken wall — the signature detail. Never close the gap.

02 • TWO-TONE

"ROCK" + "FITNESS" in lime, "WALL" in paper. Built for dark grounds.

03 • THE SUBLINE

"FITNESS" is locked, tracked wide, centred under the K—L. Never detach it.

**DARK-FIRST,
ALWAYS LOUD.**

Black dominates, paper carries the words, lime is the spark — used sparingly so it always hits hard.

SECONDARY **POPS.**

Used for energy: campaign accents, social tiles, stickers, age-group programs. **Never** over the logo.

ANY BODY

Anybody (Black 900, width 150) is our headline voice — wide, athletic, a little aggressive. Use it for everything loud: hero lines, prices, stat numbers, sticker text. Stretch the width axis, never the letters manually.

SPEC

2px stroke, round caps, 48px grid, lime on ink.
Geometric, never cute. One weight only.

COLOR

Default lime on ink. May invert (ink on lime) or use a
single secondary for program badges.

DARK. RAW. RADIOACTIVE.

RAW CAPTURE

→ MONO CRUNCH

→ LIME DUOTONE ✓

Treat every photo: **grayscale** → **high contrast** → **brightness down** → **lime overlay at ~30%**. The result reads as "Rockwall" even before the logo lands. Shoot real members, real equipment, real sweat.

✓ DO

- Tight crops on grit — chalk, grips, faces mid-effort
- Deep shadows, hard light
- Keep the lime duotone consistent

✗ DON'T

- Bright, airy, stock-gym smiles
- Heavy filters or other color casts
- Competitor branding visible on plates

SHORT. PUNCHY. A LITTLE SAVAGE.

We talk like a gym buddy who hypes you up and roasts you in the same breath. Confident, never corporate. Funny, never mean. We use Bangalore slang sparingly and emoji never.

✓ SOUNDS LIKE US

"Deadlift > Deadline."

"Stop scrolling. Start lifting."

"6 AM. No excuses. See you."

"Books down. Weights up."

✗ NOT US

"Embark on your wellness journey."

"Unlock your fitness potential today!"

"We offer state-of-the-art amenities."

"Get fit fast! 💪🔥"
